# GREETINGS TO

All our old friends—Thanks for your support of our hybridizing work through your orders and welcome letters encouraging and thanking us for the way we filled your orders.

We have greatly improved our lists of Iris and Daylilies until they are unmatched in quality. When we fill orders you will be more pleased than ever for we are moving all our plants to new ground. Everything we grow will be dug and divided and we will have large numbers of plants dug to generously fill the orders.

We are prepared for mail orders only. We have neither salesmen nor sales yard. Order blanks enclosed. Note discounts offered there, and also look over our Bargain Collections of Iris and Daylilies. Check some of the starred varieties and we will include them as extras if stock permits.

## 1950 INTRODUCTIONS

Sydney Mitchell, Clarence White, and Tom Craig again offer new Iris. Quinn Buck is a newcomer to our group of hybridizers and the Daylilies we are introducing for him are among the best.

### 1950 Iris Introductions Sydney B. Mitchell

SYDNEY B. MITCHELL was so occupied last Spring with his excellent new book on Iris that he was unable to give the time for selecting new Iris to add to his imposing list of outstanding Iris. We are extremely pleased to be able to offer you both his new book which is the best popular book on Iris and his 1950 introductions which we are as eager to see as you are.

FREE with every \$5.00 order from this catalog that also includes an order for this book, a \$3.00 catalog value in Iris as a bonus. Please write a separate check or money order for this book.

**BARGAIN DAY**—The round domed closed standards are a light vinaceous flushed yellow, the falls rich velvety red. This large frilled flower on good tall branched stems suggests a much improved Junaluska. A good stock permits low price. **\$2.50**

**BORN YESTERDAY**—Distinct bicolor pattern in big, broad frilled flowers. Yellow standards of the same ground color are flushed red purple and lined cream. 40"  
(Mitchell plicata x Sass 57-38) **Net \$15.00**

**DARK TOWER**—A fine large ruffled blue flower, close to Chivalry in color, but here much taller. 44"  
(Snow Flurry x Chivalry) **Net \$15.00**

**EDITH LAURA**—The White ground of the standards is heavily bordered and somewhat suffused with a clean rosy lilac, the white falls sharply edged with the same color. 36"  
(Mitchell seedling 0-24 x Wayfarer) **Net \$7.50**

**LA PLAYA**—A lovely reddish brown self with a blue blaze on the falls. Long blooming season. 36"  
(Sultan's Rose x Mitchell seedling) **Net \$7.50**

**MT. DIABLO**—Large flowers, a very bright light brownish red self. Diablo is the Spanish for devil, and the breeder has kept the name of the mountain near his home for a red which makes no claim to the lineless haft of some of the new reds, but does give a garden flower of unusual size, height, and garden value in this color. 47"  
(Mitchell seedling 0-84 x Sultan's Robe) **Net \$10.00**

**RASPBERRY SUPREME**—Large broad flowers of bright orchid rose, enlivened by wide and striking tangerine beard, standards somewhat open, falls flaring. A very distinct tangerine-bearded flower from parents hitherto not known to carry the genes for this pattern. Good pollen and sets seed. 36"  
(Orchid Lady x Mitchell seedling 0.90) **Net \$10.00**

**SILVER TOWER**—Very large ruffled flowers of beautiful form. The rounded porcelain standards and flaring falls are set off by a yellow beard. Deliciously scented. Has pollen and sets seed. 42"  
(Snow Flurry x Chivalry) **Net \$15.00**

**SYLISTA**—This unusual flower is a self white with such beautiful yellow shoulders to the falls and such a strong yellow beard that though only of medium size and with hanging falls it attracts great attention.  
(Mitchell seedling 0-136 x Salbach seedling 39-42)  
A large stock hence a low price. **Net \$5.00**

## Clarence White

CLARENCE WHITE'S top position as the breeder of oncobreds is conceded by Iris fanciers everywhere. We all know his fine introductions of past years and have heard of the great importance of his Joppa Parrott for further breeding. His garden this year showed the greatest advance in all the years of his hybridizing. It is a pleasure to offer the first of these, a fine, big, fertile oncobred obviously derived from Joppa Parrott, a flower of fuller form and substance—veined, stippled, embossed—intricately patterned like a desert lizard—an exotic wild thing.

**ASOKA OF NEPAL** (White 34B48-1) Early flowering, 34" **\$20.00**  
Standards—Ground color Pale Mauve with fine veins and markings of Lavender Violet. Rib Greenish Yellow. Styles: Olive Ochre. Rib Cadmium Yellow.

Falls—Ground color Olive Ochre, veins Russet Vinaceous to Sorghum Brown with heavy splashes of Perilla Purple.
